COMMODORE MAURY.

What He Thinks of the Condition and Future of the South.

How to Promote Immigration-Direct Trade -The Value of Each Immigrant

to the Country.

But unless you bestir yourselves more | tent. than you have done; unless you will Again, these thousand new comers act in concert and learn to pull to-gether, you will be no better off than something like \$500,000 the first year,

you are now. To my view, there is no recupera-tion for the South in our day and gen-eration, unless it comes by means of an immigration, that shall bring an immigration, that shall bring abundantly into the country both labor and capital. It will cost to do that; but cost what it may, even if that; but cost what it may, even if

us, in imagination, follow up the even for the middle-aged among stranger that comes from abroad and settles among us, and see what he, Each of the eighty-four counties of the settles among us, and see what he, Each of the eighty four counties of the with his means and his husbandry. State introducing during the next four will enable you to exercise the influ-

and upon your own land, if you please, | the value of that, ponitry yards to sell. He wants live stock, and farming implements, provender for his cattle and food for his family. He wants household furniture and litchen utensils, fruit trees and seeds of all sorts, and when he comes to foot up his bill, and to show comes to foot up his bill, and to show comes to foot up his bill, and to show comes to foot up his bill, and to show comes to foot up his bill, and to show comes to foot up his bill, and to show comes to foot up his bill, and to show you how by example.

There are no people who have such and you take up your life from that

multituitions of cofecus that eat up your substance. There are no middle or in any other land superior to it. It supported both a miles during the most direct and profitable trade the most direct and profitable trade war. And with its beautiful climates, the most direct and productive trade war. And with its beautiful climates, that it is possible to have. The confine soils and marvelous sources of the grave is gained." The child is a dian soldiers, who struck Mr. Taylor escaped to this market from abroad and sets them soldier who went into it with eyes to ses.

eign commerce of the country.

carry into the Northwest, the section above you—to be worth annually something like \$150,000, and to be ter more remunerative than the heaviest more definition, and showed forth, for the first time, the only true resurrection of a states coast survey, and P. D. Cutts, spiritual body at death. And he uther the first time, the only true resurrection of a states coast survey, and P. D. Cutts, spiritual body at death. And he uther the first time, the only true resurrection of a states coast survey, and P. D. Cutts, spiritual body at death. the climate of Virginia, Tennessee, and other Southern States, is so deadly that out-door labor in it is certain death to the white man. With such notions about us in their minds, do you think the working men of Europe are likely to seek homes among us? These notions will probably continue as long as you sit still and make no effort to remove them, or to vindicate yourselves or your State.

Now, merely by way of illustration,

and smaller sums annually for several

worth the cost.

I am pleased to hear that the people in your State are feeling anxious upon this subject; that they are discussing among themselves plans for immigration and direct trade, and are thinking of calling upon the State to assist and one outgree with needful means.

I am pleased to hear that the people is deed to the extent of several dollars an acre. In deed, if the plan were adopted by the land owners of the State generally, and successfully carried out, your the cost value of farms, by counties, in 1860. The average then, for your State, was about \$270,000,000, \$310, the and encourage with needful means and legislation.

That you may properly appreciate the advantages of immigration, let the advantages of immigration, let sey. It would not be unreasonable to follow the following the following

does to benefit his neighborhood and to increase the wealth and population both of county and State.

In the first place, the best political be the introduction of \$4,000 new cities of the North have after the county and the county economists of the North have, after careful observation and study, come to the conclusion that every while, and as soon as you put the European man, woman and child tide in motion, these people, paying this you will lose control of the State. that comes from his own home and settles in the West adds, by the mere lorge of his industrial energies, one via the Chesapeake, thus placing at wood. They will no longer be the thousand dollars on the average to the Southern doors, at their own expense, men of Tennessee. wealth of the country. This is inde-pendent of the money and means duce back at low rates of freight; and is to advertise and make known to

and the solution of the notion common in his country that a farm of forty acres is as much sea family of tive can manage, and the solution of the sea family of tive can manage, and the solution of the sea family of tive can manage, and the solution of the sea family of tive can manage, and the solution of the sea family of tive can manage, and the solution of the sea family of tive can manage, and the solution of the sea family of the sea family of the solution of the sea family of We will suppose him to have a wife Besides all this, I can well conceive that a farm of forty acres is as much as a family of five can manage, and you must let him have it on terms to sait. Being a frugal man, he has brought with him some money and a little crodit, perhaps. He buys of you a farm of forty acres, one-third cash, the balance in one, two and three years. After making the first pay ment he wants to buy with the balance something of pretty nearly. ance something of pretty nearly eongenial and admirably adapted to everything that you and your neighbors have in your barns, stables and hors have in your barns, stables and shout it; the industry of your State is

down at your door, and its all your see and a mind to comprehend. In Who.

This is the commerce that makes all taken together, that valley prethe West so presperous in spite of the sents a combination of industrial re-depressed state of navigation and for-sources that cannot be found in Europe, nor on the shores of the Medi-

to the east of the Mississippi have legislated with the view of encouraging it, but so far without success. I speak of European immigration. So far as your State is concerned, she has yet to receive, except by driblets, the first ship load. What have they got? Let us see. We know that of European amigrants few or none come to pean emigrants few or none come to Everything that can be cuffivated in pean emigrants few or none come to us direct. They land chiefly in New York, and these are the numbers that disembarked there for the South for the South for the same pears of 1868 and 1869:

Everything that can be cuffivated in France, Germany or England may be grown in Tennessee equally as well, which there for the South for the same pears of 1868 and 1869:

Everything that can be cuffivated in form on the corner's part does very little practical good. The man who is really to guide his fellow creatures must in the nature dian corn, cotton, tobacco, peanuts,

MEMPHIS TENN., MONDAY, JUNE 12, 1871.

Now, merely by way of illustration, let us suppose that, with State aid and country co operation, the land owners in each one of the eighty-four counties of Tennesses:

Since the war your husbandry has not been as good as it was before. Many of your farms are deteriorating: labor in your State is not always reliable, and there is no sale for your the themselves among you. Let us see the country of illustration, let us suppose that, with State aid and country the advantages and blessings of their new homes, thus keeping up for you, with increasing force, the tide of immigration, while the second comes in for the honors of a successful reformer. If a man simply seeks for men to speak well of him premature wisdom is certainly the next two years, 200 well-to do familles, 1,000 souls in all, should be induced to come from abroad and setting the heart of the second comes in for the honors of a successful reformer. If a man simply seeks for men to speak well of him premature wisdom is certainly the next two years, 200 well-to do familles, 1,000 souls in all, should be induced to come from abroad and setting the next two years, 200 well-to do familles, 1,000 souls in all, should be induced to come from abroad and setting the next two years, 200 well-to do familles, 1,000 souls in all, should be induced to come from abroad and setting the next two years. Now, for the percontral what we were the power to prove that the second comes in for the next in missionary in your cause, writing and preaching up to kinsmen and friends in the old country the advantages and blessings of their new homes, thus keeping up for you, with increasing force, the tide of immigration, have the power to speak well of him premature wisdom is certainly the next two years, 200 well-to do familles, 1,000 souls in all, should be induced to come from abroad and set to work in such representation. Now, for the prevention of the interest of the next two years, 200 well-to do for the next two years, 200 well-to do for the next two years, 200 well-to do f induced to come from abroad and set the themselves among you. Let us see that you can cultivate. Out of the 29,000,000 in the plat, you cultivate less than 7,000,000. Your income has diminished and your taxes and excise duties have been hugely increased.

The war ended six years ago, and you have waited till now, hoping against hope, for better time. How long will you wait? Six years more? But unless you bestir yourselves more induced to come from abroad and set to put in motion.

Now, for the per contra. What will so put in motion.

Now, for the per contra. What will so put in motion.

Now, for the per contra. What will so put in motion.

Now, for the per contra. What will so put in motion.

Now, for the per contra. What will soul in a stirled much in controvers the themselves among you. Let us see that the wealth of each of your of the excellent of land, which is now lying idles of land, which is now lying idles of land, which is impoverishing before other people, may have dents would have to pay taxes on sell, and which is impoverishing you to keep. In other this, including county, State, Federal, school, and other taxes, count up to mat a little sum, as you well know.

In the next place, your new comer would nave to pay taxes on the land that he buys or rents from you, and gainst hope, for better time. How long will you wait? Six years more? But unless you bestir yourselves more.

FRANCE.

Prospects of the Bonapartists .-- Chance of the Prince Imperial---Rebuilding

Safety of the Bank of France--- Alexander Dumas.

PARIS, Sunday p.m., Jone 11. The Presse expects that a strong effort will be made by the Bonapart lsts for the success of their party in the coming supplementary elections. The Journal de Paris says that the Prince Imperial, and not Prince Na poleon, will be put forward as the candidate for the Assembly. The Clocke thinks the result of the election n the cities will check the tendency monarchism
